

XIAN LINK CORK CO., LTD

Add: 12/D, RUIXIN BLDG, #25 GAOXIN RD, XI'AN HI-TECH ZONE, XI'AN, 710075, CHINA

MATERIAL SAFETY DATA SHEET

Section 1 Description

Product Name: CORK UNDERLAYMENT

Supplier/Manufacturer: XIAN LINK CORK CO.,LTD

Section 2 Ingredients/Identity Information

- (1) Granulated natural cork
- (2) Water-based Polyurethane binder

Section 3 Possible Hazards

Manual/mechanical cutting can result in the generation of cork dust.
The heavy dust can cause nasal dryness, irritation and breath obstruction.

Section 4 Emergency and First Aid Procedures

Eyes: Wash thoroughly with water
Skin: Wash thoroughly with soap and water
Inhalation: If irritation occurs, seek medical attention
Ingestion: First aid not normally required
Swallowing: First aid is required. If symptoms develop, seek medical attention.

Section 5 Fire and Hazard Data

Special Fire Fighting procedures: Water
Protective equipment: Wear self-contained breathing equipment and protective suit.
Hazards: None known

XIAN LINK CORK CO., LTD

Add: 12/D, RUIXIN BLDG, #25 GAOXIN RD, XI'AN HI-TECH ZONE, XI'AN, 710075, CHINA

Section 6 Accidental Release Measures

Ensure product is picked up and disposed correctly – wash site with water
Dispose of in accordance with local regulations

Section 7 Precautions for Safe Handling and Storage

Handling and Storage Avoid high temperatures, fire, sunshine, humidity, and damp conditions and store in cool, dark places. When storing, recommendation is that air humidity of the warehouse be kept under 60%.

Section 8 Control Methods

Respiratory Protection: Required – depending on dust conditions
Eye Protection: Required – safety glasses – when machining the product
Gloves: Not required normally– wash hands after contact with water

Section 9 Physical and Chemical Properties (Typical)

Product Structure:
Size: 915x610mm
Thickness: 3mm/6mm
Density arrange(approx.): 230-260kg/m³
Granulate cork: 16-30mesh

Section 10 Reactivity Data

Conditions to Avoid: High temperatures, fire, sunshine
Substances to be Avoided: acid / alkaline substances, other hazardous chemicals
Hazardous Decomposition : Acid, base

Section 11 Toxicological Information

Cork underlayment products are non-toxic (determined by acute toxicity experiments)

Section 12 Ecological Information

No ecological problems are to be expected when the product is handled and used with care and attention. As it is a natural product, it's ecological and biodegrading.

Section 13 Disposal Considerations

Must be disposed of in accordance with local regulations

Section 14 Transport Information

For transportation purpose, the product is not qualified as dangerous

Section 15 Regulatory Information

This product is not dangerous or hazardous.

Section 16 Other Information

This advice is given by XIAN LINK CORK CO.,LTD, who accepts no legal liability for it. The information contained herein is based on the present state of our knowledge and is intended to describe our products from the point of view of safety requirements. It should not therefore be construed as guaranteeing specific properties.
